Dear Ms. Palacios,

I hope this message finds you well. I am writing to request to be added to the agenda for the upcoming City Council meeting on December 12, 2024, to present the work and initiatives of Safe Yakima Valley and the Grandview Coalition.

One recent highlight of our work that we would love to share is the success of the “Shreds and Meds” event, which we hosted on October 26, 2024. This community event provided a safe and secure way for residents to dispose of confidential documents and unused prescription medications. We were pleased to see a strong turnout, with 143 People, 1300 pounds of paper shredded, and 31.5 pounds of medication safely disposed of. We were also able to partner with the Yakima Health District to distribute 100 firearm lock boxes and 100 trigger locks. This initiative not only helped reduce the risk of identity theft and substance misuse but also demonstrated the power of community collaboration to address local public safety concerns.

In addition to this event, we would like to update the Council on other ongoing projects and discuss potential future collaborations. We believe our work aligns closely with the City’s efforts to build a safer and more resilient community, and we are eager to explore how we can further support these goals together.

Please let me know if there are any steps or forms required to formalize this request. I look forward to the opportunity to present and discuss our work with the Council.

Thank you for your time and consideration.

Warm Regards,

Katie Goodale

A total of three (3) bids were received with the low bid of \$1,202,777.64, being offered by C&E Trenching, LLC, of Pasco, WA. This low bid is approximately sixteen (16%) percent above the Engineer's Estimate of \$1,040,477.40. On March 12, 2024, City Council accepted the bid from C&E Trenching, LLC, and authorized the Mayor to sign all contract documents with C&E Trenching to construct the OIE (Welch) Sanitary Sewer Improvements. On August 21, 2024, the City discovered a sinkhole caused by an undermined sanitary sewer segment on South Division Street. After initial repairs to this segment, further investigation revealed extensive deterioration along the entire segment. The proposed improvements included replacing two manholes and installing approximately 500 linear feet of new sewer pipe. Change Order No. 2 compensates the Contractor for emergency sanitary sewer repairs completed on S. Division Street, extending the project completion time by 16 days.
